CLEARANCE PROCEDURES FOR ONLINE & SPORTS GAMBLING ADVERTISING ON NBCU OWNED TELEVISION STATIONS

GENERAL: The following procedures apply to online and sports gambling advertisements airing on NBCU Owned Television Stations (“NBCOTS”). Online and sports gambling advertisements **MUST** be reviewed and approved for air before they can be scheduled to air on the NBCOTS.

SUBMISSION OF MATERIALS: You can submit materials for review via three different methods:

1. Upload your materials to www.nbcstandards.com;
2. Submit your materials via MediaQurator; or
3. Submit your materials via MediaVu

All clearance materials for online and sports gambling advertising must be submitted using one of the above methods in order to be reviewed. You should not send clearance materials to Sales.

CREATING AN ACCOUNT: If you do not have an account on MediaVu or MediaQurator, you must register for a user account on at <https://www.nbcstandards.com> in order to submit materials. After you register, Advertising Standards will then approve the account registration, at which point you may upload materials for review.

NOTE: The advertiser is responsible for ensuring that their advertising materials are in compliance with all applicable laws and governmental regulations, including the rules of the Federal Communications Commission (FCC), the Federal Trade Commission (FTC) and the Federal Drug Administration (FDA), as well as NBC’s internal guidelines, standards and policies.

WHAT TO SUBMIT:

PRE-PRODUCTION REVIEW: We strongly recommend that you submit preliminary scripts or storyboards of proposed advertisements to Advertising Standards. Advertising Standards will request substantiation for all claims, including those made in testimonials, and authentication of all demonstrations, as applicable.

ROUGH CUT REVIEW: You may submit rough cuts for review before final production. Additional comments may be given and requests, including notes on revisions, may be made at this point.

SUPPORTING DOCUMENTS: When possible, you should submit supporting documentation including, but not limited to, product testing, claim support and affidavits along with the script, storyboard, rough cut or final as “related documents” via www.nbcstandards.com or attached to the submission in MediaVu or MediaQurator. If you are responding to an Advertising Standards request, any material you send must be submitted through the “Click HERE” link at the bottom of the clearance report or attached to a message sent to Advertising Standards via www.nbcstandards.com, MediaVu or MediaQurator.

FINAL APPROVAL: All final advertisements must be slated with a unique ISCI code, a title, and the length of the advertisement and submitted via one of the above submission methods. Advertising Standards cannot give final approval to un-slated advertisements. NOTE: Once an ISCI code is

submitted for review it cannot be used again. All revised final commercials will require a new ISCI code for final approval.

TIME FOR REVIEW: You should allow up to 3 business days for review of clearance materials. After reviewing the submitted materials, Advertising Standards may approve the advertisement, request additional information, require modifications to the advertisement or deem the advertisement not acceptable for air.
